An instructional specialist is an academic coach who works with teachers and students to implement proven classroom methods.

Our content specialists are helping your student become successful by using a variety of methods such as:

- ◇ Conducting “push in” tutorials
- ◇ Co-teaching with classroom teachers
- ◇ Helping with before & after school class support
- ◇ Designing curriculum for classroom & tutorials
- ◇ Conferencing with students to identify strengths and weaknesses

Please contact us if there is anything we can do to help your student be successful!
