

Useful Websites & Articles

Websites

<http://www.onguardonline.gov/> - Provides tips from the federal government and the technology industry to help you be on guard against Internet fraud, secure your computer, and protect your personal information.

<http://www.fosi.org/> - The Family Online Safety Institute (FOSI) is an international, non-profit membership organization working to develop a safer Internet by identifying and promoting best practices, tools and methods that also respect free speech.

<http://www.common sense media.org/> - Common Sense Media is dedicated to improving the lives of kids and families by providing the trustworthy information, education, and independent voice they need to thrive in a world of media and technology.

<http://www.cyberbullying.us/> - The Cyberbullying Research Center is dedicated to providing up-to-date information about the nature, extent, causes, and consequences of cyberbullying among adolescents.

<http://stopbullying.gov/> - StopBullying.gov provides information from various government agencies on how kids, teens, young adults, parents, educators and others in the community can prevent or stop bullying.

<http://www.pbis.org/> - The OSEP Technical Assistance Center on Positive Behavioral Interventions and Supports (PBIS) is a collaboration between the U.S. Dept of Ed and 11 technical assistance units across the United States.

http://www.adl.org/education/edu_awod/default.asp - ADL's A WORLD OF DIFFERENCE[®] Institute is a leading provider of anti-bias education and diversity training programs and resources. The Institute seeks to help participants: recognize bias and the harm it inflicts on individuals and society; explore the value of diversity; improve intergroup relations; and combat racism, anti-Semitism and all forms of prejudice and bigotry.

<http://www.olweus.org/public/index.page> - The *Olweus Bullying Prevention Program* is designed to improve peer relations and make schools safer, more positive places for students to learn and develop.

<http://cyber.law.harvard.edu/> - The Berkman Center's mission is to explore and understand cyberspace; to study its development, dynamics, norms, and standards; and to assess the need or lack thereof for laws and sanctions.

<http://www.khanacademy.org/>

<http://www.athinline.org/> - MTV's A Thin Line campaign was developed to empower you to identify, respond to, and stop the spread of digital abuse in your life and amongst your peers.

<http://www.niot.org/> - Not In Our Town highlights communities working together to stop hate. Our videos and broadcasts highlight and celebrate people who have developed creative anti-bias programs and responses. These stories have motivated many others to develop their own innovative initiatives which overpower the hateful actions and voices in their communities.
