

Galena Park Independent School District

Galena Park Elementary School

2024-2025 Campus Improvement Plan

Board Approval Date: August 12, 2024

Mission Statement

Galena Park Elementary fosters a community of life-long learners by providing an environment that builds self-worth, integrity, and respect for diversity while striving for academic and social excellence.

Vision

Galena Park Elementary puts students first and empowers them to embrace learning, achieve their personal best, and build their emotional, social, and physical well-being.

Campus Profile

History

Galena Park Elementary is an established school and has been serving the community of Galena Park for 86 years. In that time, there have been nine principals on this campus. Irene Benzor currently serves as Principal. A new school building opened for the 2018-2019 school year. The new building will be in its 7th year of existence for the 2024-2025 school year.

Enrollment and Student Attendance

Enrollment for the 2023-2024 school year reached 604 students. The average daily attendance for students in the 2023-2024 school year finished at 95.62%.

School Profile

Galena Park Elementary's student population consists of 92% Hispanic, 4% African American, and 3% Anglo-American students. Economically disadvantaged students make up 88% of the student population. The school also serves a population of 52% EB students.

Where We Are

Galena Park Elementary is currently serving 604 students in grades Pre-K through 5th Grade. The students are approximately 92% Hispanic and 88% economically disadvantaged. On state assessments, the school is performing above the state average. Student discipline has remained consistent for the last five years. Teacher retention has remained at about 90%. Student attendance had been consistent at approximately 97% pre-COVID but has decreased in the last few years since the pandemic. We ended the 2023-2024 school year with 95.62% in attendance.

Where We're Going

Galena Park Elementary will focus on continuing to adjust to the changing testing standards, as well as continuing to develop the STEM Academy in the 2024-2025 school year for K-5 students. Galena Park Elementary will continue to implement the One-Way Dual Language program for all EB students in grades K-5.

Survey Data

We had a total of 24 staff members complete the Needs Assessment Survey. The staff feels more focus needs to be placed on blended learning, problem solving, and critical thinking skills next year. Career and College Readiness and Gifted and Talented were listed as the top priorities for staff development training along with ways to increase student engagement in the classroom. Social-Emotional Learning was addressed as well in order to help students improve their socialization skills.

Comprehensive Needs Assessment

Revised/Approved: May 13, 2024

Demographics

Demographics Summary

Galena Park Elementary is one of fifteen elementary campuses in Galena Park ISD. The original Galena Park Elementary was established in 1937 and a new building was opened in 2018. We are located just north of the Washburn Tunnel in the City of Galena Park. GPE serves students in PK-5th grade. Our student body at the end of the 2023-2024 school year was 604 students, comprised of 92% Hispanic, 4% African American, and 3% White. The campus is 88% economically disadvantaged and has 52%, emergent bilingual learners. Galena Park Elementary began its inaugural STEM Academy school year in 2023-2024, adding approximately 30 additional students throughout K-5 grades.

The staff of Galena Park Elementary is comprised of the following: All of our teachers are highly qualified with 4-year degrees and teaching certifications.

GPE Staff Demographics	
Hispanic	73%
White	24%
African-American	2%

All of our teachers are highly qualified with 4-year degrees and teaching certifications.

The staff consists of a mix of veteran teachers with 34% having 11+ years of experience and 66% of younger teachers having an average of 7.5 years of experience. We also 8 have instructional aides that support PK-5th grade and special programs. Our students have the opportunity to attend Physical Education (twice a week) and Music once a week. With the STEM Academy, students also attend each of the following once a week for 55 minutes each day: STEM Careers, STEM Lab, Computer Science, Makerspace, and Art.

GPE provides a supportive and caring environment for all learners. Given our community’s high percentage of EB's and economically disadvantaged students, we need to ensure that all of our teachers are trained in sheltered-instruction techniques and research-based strategies for accelerated instruction. Additionally, our Early Childhood teachers need to receive extensive EC training to lessen the gap between our incoming students and those from more affluent neighborhoods. Our students also have to be provided with more experiences outside the classroom due to their higher propensity for possible limited background knowledge.

Demographics Strengths

Strengths

- Great Dual Language Program student results
- STEM Opportunities
- Extracurricular opportunities (Soccer, Art Club, Honor Choir, Boys/Girls Club, STEM/Robotics)
- Teacher planning and Data Analysis (DDI)
- Staff development opportunities
- Access to technology
- Supportive Parents

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Overall attendance percentage has decreased each year for the last three years and has been below the district's attendance percentage of 96.5%.

Root Cause: According to the 2023-2024 school year, students in PK-2nd grade have the lowest attendance rates at GPE due to becoming ill more frequently, lack of motivation to learn, and parents not understanding how absenteeism affects their child's learning.

Problem Statement 2 (Prioritized): Most At-Risk GPE students are identified in the EB category and require differentiated instruction, vocabulary building, and an increase in background knowledge. **Root Cause:** GPE has 71.43% At-Risk students with 48.01% identified as EB and 86.05% have been identified as economically disadvantaged.

Student Learning

Student Learning Summary

Based on Preliminary 2023-2024 results, GPE students performed the following on STAAR exams:

GPE STAAR Data (Reading/Language Arts)

Preliminary Spring 2024	3 rd	4 th	5 th
Approaches or Above	76%	82%	80%
Historical Overall Data (3 rd -5 th)	2023	2022	2021
Approaches	80%	80%	66%
Meets	46%	52%	36%
Masters	22%	27%	18%

GPE STAAR Data (Math)

Approaches	69%	78%	52%
Meets	37%	37%	23%
Masters	10%	20%	10%

Student Learning Strengths

Our dual-language students continue to perform well and better than our mainstream English students. Teachers are strong in data analysis skills (utilizing the data-driven instruction model or DDI) and using data to drive instruction. District assessment scores are consistently in the top half of the district with many top-five finishes on district assessments. Students have many opportunities to participate in extra-curricular learning activities.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): GPE needs to increase the STAAR performance of Special Education students and RTI students. **Root Cause:** Students served in Special Education are a historically low sub population in state assessment due to students not showing growth, supplemental aids not used consistently, analyzing data and progress monitoring needed, and increase teacher expectations.

Problem Statement 2 (Prioritized): 3rd grade math proficiency is lower than reading on assessments. **Root Cause:** Math is based on skills that build from one year to the next. Students need increased exposure to math academic vocabulary through vertical alignment and teachers focusing on end of year math goals so students are prepared for the next year.

Problem Statement 3 (Prioritized): 4th and 5th grade reading and writing proficiency is lower than math on assessments. **Root Cause:** The new state assessments require advanced reading and writing skills to comprehend and provide written responses based on grade level informational and literary texts.

School Processes & Programs

School Processes & Programs Summary

Based on survey data, both parents and staff members feel Galena Park Elementary provides a safe and welcoming environment for students. Galena Park Elementary provides many extracurricular opportunities to students, in addition to providing high-quality instruction. Instructional planning is a priority on campus and teachers have become very adept at teaching the TEKS with depth, while also incorporating Kagan strategies to foster higher levels of student engagement, socialization, and writing. School communication to parents such as flyers, newsletters, call-outs, marquee announcements, etc. are distributed in English and Spanish.

Galena Park Elementary is also successful at maintaining a lower-than-average teacher turnover rate. At GPE, 41% of the staff have between 6-30 years of experience. Additionally, 59% of teachers have less than 6 years of experience. Survey data indicates that teachers feel supported by campus administrators. GPE has focused efforts in the last few years on character building and social-emotional learning with students. As a result, there are few discipline referrals during structured class time.

School Processes & Programs Strengths

Instruction is protected with the master schedule. There are few interruptions, allowing for large blocks of sustained instructional time. Teachers have ample Balanced Literacy resources. We have a strong anti-bully/anti-drug message with all grades. Fundamental 5 is implemented with fidelity on campus. Coaches support teachers with small group instruction consistently. Teachers have become very proficient with technology and applications.

The Boys/Girls Club provides students with great opportunities for social learning. The campus Stem/Robotics program is one of the best in the district. Students also have the opportunity to participate in Art Club and Honor Choir. With the STEM Academy and ACE, students also have the opportunity to participate in even more after-school clubs and activities.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): GPE students need more positive social interaction to develop interpersonal skills. **Root Cause:** More students are experiencing traumatic situations or are exposed to social media content outside of school and may not know how to appropriately communicate their feelings or need guidance on appropriate in-person socialization skills.

Problem Statement 2 (Prioritized): Increased severe student behavior or interactions between students during transitional or less structured periods (i.e. dismissal, specials, restroom, cafeteria). **Root Cause:** There is a need to increase seamless supervision among staff members during these times. Students should be supervised at all times.

Perceptions

Perceptions Summary

Based on survey data, GPE is viewed as a very warm and welcoming school by staff, students, and parents. Taking care of students first is the primary focus of GPE staff. The staff operates around a set of shared values that are posted in staff work areas. We pride ourselves on providing students with many opportunities to be involved in after-school activities to develop the social and emotional skills necessary. Providing a high-quality overall elementary education that builds from PK-5 grade is what we are about. Discipline data indicates that these efforts are paying off as the number of infractions is very low. Our campus PBIS team has implemented procedures for safety and efficiency on campus that include expectations for students in common areas (SHINE system). Character education is promoted and students are celebrated for exhibiting positive character traits.

We look forward to continuing our parent volunteer program. GPE hosts many events throughout the year to invite parents to become part of the campus culture such as Pastries with the Principal, PTA meetings, Pump It Up With the Parents, and family nights.

Perceptions Strengths

Parents have indicated on surveys that they perceive GPE to have a great climate for students that focuses on student social/emotional development as well as academics. Parents enjoy the topics covered during parent meetings and have found them to be very beneficial in making them feel more connected to the school.

We have many programs that provide parents and the community with necessary resources such as Backpack Buddies, ACE, etc. Teacher turnover is low and staff has indicated on surveys that they feel they are held to high expectations but are supported by the GPE administration. The majority of staff feels that the school has a shared vision/mission, high levels of teamwork, and high-quality instruction.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): GPE parents may not be familiar with EOY reading expectations for each grade level. **Root Cause:** Parents are unfamiliar with EOY expectations with Reading levels in K-2 and STAAR levels in 3-5 due to barriers that may prevent them from being involved at school, more at home resources needed, or not being able to attend school meetings.

Problem Statement 2 (Prioritized): Teachers identified special education and behavior as a professional development need at GPE. **Root Cause:** More students are being identified as needing special education services and supports for academics and behavior in the general education classrooms.

Priority Problem Statements

Problem Statement 1: 3rd grade math proficiency is lower than reading on assessments.

Root Cause 1: Math is based on skills that build from one year to the next. Students need increased exposure to math academic vocabulary through vertical alignment and teachers focusing on end of year math goals so students are prepared for the next year.

Problem Statement 1 Areas: Student Learning

Problem Statement 2: 4th and 5th grade reading and writing proficiency is lower than math on assessments.

Root Cause 2: The new state assessments require advanced reading and writing skills to comprehend and provide written responses based on grade level informational and literary texts.

Problem Statement 2 Areas: Student Learning

Problem Statement 3: GPE needs to increase the STAAR performance of Special Education students and RTI students.

Root Cause 3: Students served in Special Education are a historically low sub population in state assessment due to students not showing growth, supplemental aids not used consistently, analyzing data and progress monitoring needed, and increase teacher expectations.

Problem Statement 3 Areas: Student Learning

Problem Statement 4: GPE students need more positive social interaction to develop interpersonal skills.

Root Cause 4: More students are experiencing traumatic situations or are exposed to social media content outside of school and may not know how to appropriately communicate their feelings or need guidance on appropriate in-person socialization skills.

Problem Statement 4 Areas: School Processes & Programs

Problem Statement 5: GPE parents may not be familiar with EOY reading expectations for each grade level.

Root Cause 5: Parents are unfamiliar with EOY expectations with Reading levels in K-2 and STAAR levels in 3-5 due to barriers that may prevent them from being involved at school, more at home resources needed, or not being able to attend school meetings.

Problem Statement 5 Areas: Perceptions

Problem Statement 6: Most At-Risk GPE students are identified in the EB category and require differentiated instruction, vocabulary building, and an increase in background knowledge.

Root Cause 6: GPE has 71.43% At-Risk students with 48.01% identified as EB and 86.05% have been identified as economically disadvantaged.

Problem Statement 6 Areas: Demographics

Problem Statement 7: Increased severe student behavior or interactions between students during transitional or less structured periods (i.e. dismissal, specials, restroom, cafeteria).

Root Cause 7: There is a need to increase seamless supervision among staff members during these times. Students should be supervised at all times.

Problem Statement 7 Areas: School Processes & Programs

Problem Statement 8: Overall attendance percentage has decreased each year for the last three years and has been below the district's attendance percentage of 96.5%.

Root Cause 8: According to the 2023-2024 school year, students in PK-2nd grade have the lowest attendance rates at GPE due to becoming ill more frequently, lack of motivation to learn, and parents not understanding how absenteeism affects their child's learning.

Problem Statement 8 Areas: Demographics

Problem Statement 9: Teachers identified special education and behavior as a professional development need at GPE.

Root Cause 9: More students are being identified as needing special education services and supports for academics and behavior in the general education classrooms.

Problem Statement 9 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- HB3 Reading and math goals for PreK-3

Accountability Data

- Texas Academic Performance Report (TAPR) data

Student Data: Assessments

- STAAR current and longitudinal results, including all versions
- STAAR released test questions
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Texas Primary Reading Inventory (TPRI), Tejas LEE, or other alternate early reading assessment results
- Student failure and/or retention rates
- Running Records results
- Texas approved PreK - 2nd grade assessment data
- Texas approved Prekindergarten and Kindergarten assessment data

Student Data: Student Groups

- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Special education/non-special education population including discipline, progress and participation data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Gifted and talented data
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Attendance data
- Discipline records

Employee Data

- Staff surveys and/or other feedback
- Professional development needs assessment data
- T-TESS data

Parent/Community Data

- Parent surveys and/or other feedback

Support Systems and Other Data

- Communications data
- Study of best practices

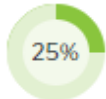

Goals

Revised/Approved: September 20, 2024

Goal 1: Galena Park Elementary will provide mental, physical, and emotional safety and health for all students and staff.

Performance Objective 1: Teach safety practices and protocols to 100% of students and staff

Evaluation Data Sources: Completion of staff safety training at the beginning of the year, in addition to student announcements and reminders will be utilized.

Strategy 1 Details	Reviews			
	Formative			Summative
	Sept	Dec	Feb	May
Strategy 1: Update crisis emergency response plans, train staff during August Staff Development, and conduct practice drills (Evacuation-Fire drills, Lockdown, Shelter-in-Place, Severe Weather, Reverse Evacuation, and Secure) Strategy's Expected Result/Impact: Staff follows all crisis and emergency response procedures to maintain a safe and secure campus. Perceptions
<p>Problem Statement 1: GPE parents may not be familiar with EOY reading expectations for each grade level. Root Cause: Parents are unfamiliar with EOY expectations with Reading levels in K-2 and STAAR levels in 3-5 due to barriers that may prevent them from being involved at school, more at home resources needed, or not being able to attend school meetings.</p>

Goal 3: Galena Park Elementary will provide a wide range of student opportunities.

Performance Objective 1: Promote the increased use of technology through student participation with Blended Learning and STEM.

Evaluation Data Sources: Students will have the opportunity to explore and enhance learning through the use of technology.

Strategy 1 Details	Reviews			
Strategy 1: Provide students with opportunities to further develop STEM skills through blended learning and participation in STEM enrichment courses (STEM careers, STEM Lab, Makerspace, Computer Science, and Digital Art). Strategy's Expected Result/Impact: Students will have access to various STEM enrichment programs. Performance Objective 1 Problem Statements:

Student Learning
Problem Statement 2: 3rd grade math proficiency is lower than reading on assessments. Root Cause: Math is based on skills that build from one year to the next. Students need increased exposure to math academic vocabulary through vertical alignment and teachers focusing on end of year math goals so students are prepared for the next year.
School Processes & Programs
Problem Statement 2: Increased severe student behavior or interactions between students during transitional or less structured periods (i.e. dismissal, specials, restroom, cafeteria). Root Cause: There is a need to increase seamless supervision among staff members during these times. Students should be supervised at all times.

Goal 3: Galena Park Elementary will provide a wide range of student opportunities.

Performance Objective 2: Increase participation in student clubs, enrichment activities and extracurricular opportunities

Evaluation Data Sources: Student participation in after school clubs will be our measure.

Performance Objective 2 Problem Statements:

Demographics
Problem Statement 1: Overall attendance percentage has decreased each year for the last three years and has been below the district's attendance percentage of 96.5%. Root Cause: According to the 2023-2024 school year, students in PK-2nd grade have the lowest attendance rates at GPE due to becoming ill more frequently, lack of motivation to learn, and parents not understanding how absenteeism affects their child's learning.
Problem Statement 2: Most At-Risk GPE students are identified in the EB category and require differentiated instruction, vocabulary building, and an increase in background knowledge. Root Cause: GPE has 71.43% At-Risk students with 48.01% identified as EB and 86.05% have been identified as economically disadvantaged.
Student Learning
Problem Statement 2: 3rd grade math proficiency is lower than reading on assessments. Root Cause: Math is based on skills that build from one year to the next. Students need increased exposure to math academic vocabulary through vertical alignment and teachers focusing on end of year math goals so students are prepared for the next year.
School Processes & Programs
Problem Statement 1: GPE students need more positive social interaction to develop interpersonal skills. Root Cause: More students are experiencing traumatic situations or are exposed to social media content outside of school and may not know how to appropriately communicate their feelings or need guidance on appropriate in-person socialization skills.
Problem Statement 2: Increased severe student behavior or interactions between students during transitional or less structured periods (i.e. dismissal, specials, restroom, cafeteria). Root Cause: There is a need to increase seamless supervision among staff members during these times. Students should be supervised at all times.

Goal 4: Galena Park Elementary will employ high quality staff members.

Performance Objective 1: Increase employee retention by 1% by recruiting, developing and supporting highly qualified staff

Evaluation Data Sources: Retention of highly qualified staff will be our measure.

Title I

1.1: Comprehensive Needs Assessment

Our CPAC committee met May 13, 2024 to share in the CNA Planning Process.

Based on our CNA, our areas of focus are:

- Improving attendance
- Improving our students academic skills in SPED/RTI Programs
- Increase students background knowledge and academic vocabulary
- Increase focus on reading and writing responses
- Improving student socialization skills & social-emotional learning
- Provide seamless supervision to reduce behavior incidents during transitions

2.1: Campus Improvement Plan developed with appropriate stakeholders

The campus leadership team met to discuss the CNA results on April 26, 2024 and presented to CPAC on May 13, 2024 for approval. Based on data pieces and survey information, the committee came up with root causes and problem statements. They analyzed performance objectives for each goal and the strategies that went along with them based on the problem statements and root causes. The 2023-2024 CPAC committee was comprised of the following staff members:

CPAC Role	Representative	Title
Administrator	Irene Benzor	Admin
Business Rep	Anahi Hernandez	Business Rep
Business Rep	Lorinda Pesina	Business Rep
Campus Prof. Staff	Rosa Arrazolo	Counselor
Classroom Teacher	Olga Morris	Interventionist

District-Level Professional	Robert Seibert	Admin
Community Member	Veronica Garcia	Community
Community Member	Ida Rocha	Community
Parent	Susann Velez	Parent
Parent	Diana Jelks	Parent

2.2: Regular monitoring and revision

The CIP will be monitored at least quarterly and discussed at every CPAC meeting; 9/20/24, 11/4/24, 2/13/25, and 4/4/25 to review, revise, and monitor the CIP. If there are any edits necessary, the decisions will go through the CPAC for approval. Additionally, a May 12, 2025 meeting will be scheduled to discuss and approve the 2025-2026 CIP.

2.3: Available to parents and community in an understandable format and language

The CIP will be available to parents in the front office (Eng/Span). A link to the main parts of the CIP will also be available on the campus website. The goals of the CIP are also available in English and Spanish.

2.4: Opportunities for all children to meet State standards

As stated in the campus mission and vision statements, students are put first at GPE. Therefore, **all** students will be afforded every opportunity to be successful through daily activities, before, during, & after school intervention and opportunities to engage in extracurricular activities.

2.5: Increased learning time and well-rounded education

GPE will create a master schedule that maximizes every instructional minute and that at least the minimum required minutes for all content areas are allotted for each class while incorporating elements for the STEM Academy. Teachers will ensure all lessons are planned and prepared to maximize instructional time. After school tutorials will be offered to all students in K-5. Students will attend Music and PE as part of the regular enrichment rotation. They will also attend Art, STEM Lab, STEM Careers, Makerspace, and Computer Science as part of the STEM Enrichment to ensure a well-rounded education and develop their other talents. Extra-curricular activities will be available for students including, but not limited to: ACE after school program, boys club, girls club, art club, honor choir, robotics, safety patrol, Elementary Academic Meet, and National Elementary Honor Society.

2.6: Address needs of all students, particularly at-risk

All student progress is monitored closely. Through RTI and At-Risk identification, student progress is checked throughout the year. Aside from district assessments, teachers utilize ongoing formal and informal assessment to check student progress and plan necessary interventions as needed.

3.1: Annually evaluate the schoolwide plan

This year, Galena Park Elementary focused on increasing student achievement in the areas of reading and math. Title funds have been utilized in the following areas:

1. Early Literacy and Math Interventions
2. Update Technology
3. Provide staff development on Special Education needs

We have seen gains in these areas with this focus. GPE was a TEA "A" Rated campus in the 2021-2022 school year and the rating for the 2022-2023 and 2023-204 school years are not available at this time.

4.1: Develop and distribute Parent and Family Engagement Policy

The school/parent compact along with a calendar of the year's events was handed out to parents during report card conferences after the first nine weeks.

Reviewed and Approved by:

Dr. Irene Benzor, Principal

Rosa Arrazolo, Counselor

Lidia Zavala, Parent

Maria Carmona, Parent

Yesenia Lopez Plaza, Parent

San Juana Martinez, Parent

Beatriz Garza, Parent

Maria C. Alfaro, Parent

Mayra Rodriguez, Parent

The Parent and Family Engagement Policy was reviewed and approved at the parent meeting on April 4, 2024.

The policy and the compact will be distributed to parents during report card conferences in October. The policy can be found in the front office and on the GPE campus website in both **English and Spanish**.

4.2: Offer flexible number of parent involvement meetings

GPE offers several opportunities for parental involvement meetings throughout the year. Aside from GPE sponsored events, our campus PTA also hosts meetings in addition to our ACE program. The first semester includes: Meet the Teacher, Report Card Conferences, Red Ribbon Week, Fathers Bring Your Kids to School Day, Grandparents Breakfast, and parent volunteer opportunities. In the spring there are report card conferences, Muffins with Moms, Pump It Up With Parents and other parent volunteer opportunities.

GPE hosts quarterly Pastries with the Principal meetings. This is a parent meeting on a designated topic where parents are invited to attend. Occasionally, there is a guest speaker to provide information and resources to parents.

Parent involvement meetings will be offered throughout the year and include the following:

- Fall Family STEM Night: Oct. 29 (5:00-6:00)
- PTA Meetings: Oct. 17 (5:00 pm); Dec. 12 (5:00 pm); Feb. 27 (5:00 pm); May 8 (5:00 pm) (October Meeting Topic: Title I)
- Pastries with the Principal (September 5, November 7, January 16, May 1 9:00 am) (September Meeting Topic: Title I)
- Grandparents' Breakfast; September 6, 2024
- National Fathers Bring Your Kids to School Day (September 19, 2024)
- Thanksgiving Luncheon (November 2024)
- Spring Family STEM Night (February 2025)
- Muffins with Mom (May 9, 2025)

5.1: Determine which students will be served by following local policy

N/A; Not a targeted assistance school.
