Galena Park Independent School District

North Shore 9th Grade Center

2024-2025 Campus Improvement Plan

Board Approval Date: August 12, 2024

Mission Statement

The mission of the Galena Park Independent School District and North Shore 9th Grade Center is to prepare students to become productive citizens and lifelong learners.

North Shore 9th Grade Center is committed to providing all the necessary resources and strategies so that students reach a high level of academic achievement through rigorous and relevant content and to ensure all students exceed state and national standards.

Vision

North Shore 9th Grade Center envisions Leading, Learning, and Serving our students and community.

Campus Profile

North Shore 9th Grade Center will Lead, Learn, and Serve in Excellence in all, for all, and by all.

Campus History:

School Mascot: Mustang

1962-1963: The school opened as a 10th-12th Grade Campus
1965: First graduating class
Several Years Later it became a 9th-12th Grade Campus
1999: Campus Split- housing 9th and 10th Grade
2008: 10th grade relocated to North Shore Sr. High
Present: North Shore Senior High Ninth Grade Center
2012-2013: celebrated the 50th Anniversary of North Shore Senior High welcoming the first students through the doors. We look forward to 50 more great years and beyond!

Current Principal as of July 1, 2023: Barika A. Noris

Comprehensive Needs Assessment

Revised/Approved: June 17, 2024

Demographics

Demographics Summary

North Shore Ninth Grade Center serves a diverse student population. The table below shows the North Shore High School student subpopulations.

Sup Population	Student
African American	23.05%
American Indian	.13%
White	2.67%
Asian	.73%
At Risk	69.08%
Economically Disadvantaged	87.76%
English Language Learners	34.14%
Hispanic	72.70%
SpEd	11.76%

Grade Level	Population 23-24
9 th Grade	1112

NS9 Attendance History:

Year	Attendance- NS9
2019-2020	95.28%
2020-2021	96.43%
2021-2022	91.67%
2022-2023	91.27%
2023-2024	92.55%

Staff Demographics:

Teachers by Ethnicity and Sex:

African American 40.0%

Hispanic 24.7%

White 27.5%

American Indian 0.3%

Asian 5.0%

Males 45.9%

Females 54.1%

Teachers by Highest Degree Held:

No Degree 4.3%

Bachelors 61.3%

Masters 31.3%

Doctorate 3.0%

Demographics Strengths

North Shore Ninth Grade Center's diverse student body creates a rich learning environment where students from various backgrounds bring their unique perspectives and experiences to the classroom. Students may also be able to learn and interact with peers who speak different languages, which can enhance language skills and encourage students to become bilingual. Students can learn to appreciate and respect differences, develop effective communication skills, and collaborate with individuals from diverse perspectives. With increased student exposure, they are more likely to engage in critical thinking, problem-solving, and creativity, which allows students to benefit from a variety of teaching methods.

Student Learning

Student Learning Summary

Spring 2022 Results - NS9	Approaches	Meets	Masters
Algebra I	88%	66%	42%
Biology I	85%	57.6%	15%
English I	67.5%	50%	5%

Spring 2023 Results - NS9	Approaches	Meets	Masters
Algebra I	86%	57%	24%
Biology I	88%	52%	16%
English I	77%	61%	11%

Spring 2024 Results- NS9	Approaches	Meets	Masters
Algebra l	86%	57%	24%
Biology	88%	51%	15%
English l	76%	60%	11%

Student Learning Strengths

Scores are steady even with a more difficult exam in English and a lower approaches standard in Biology. Growth charts have been helpful for English and Math. We had an increased participation in TSIA last school year. NS9 has plans to start the 24-25 school year by continuing to focus on new item types and ensuring bell to bell student learning. In doing so, we should continue to see a steady increase in EOC scores.

Problem Statements Identifying Student Learning Needs

Problem Statement 1: Science cannot create growth charts. Root Cause: There isn't a comparable test from 8th grade science to Biology.

Problem Statement 2: TSIA testers need to address missed questions in tutorials before testing again. Root Cause: TSIA testers may fail the exam and not have practice before taking it again.

Problem Statement 3: More writing opportunities are needed in non- ELA classes throughout the year. Root Cause: Students are resistant to writing in ELA and outside of the ELA classroom.

School Processes & Programs

School Processes & Programs Summary

Curriculum and instruction should continue to be driven by data at North Shore 9th Grade Center. Proving teachers planning time during the school day in PLCs has been an effective way for teachers to plan regularly with their departments. Professional development for the upcoming year is based on District requirements and staff surveys from the previous school year. Throughout the year we will continue to provide surveys to staff to determine which professional development sessions should be offered. The campus needs assessment is developed yearly by a group of teachers and staff members. It is imperative that teachers and staff are involved in the development and planning phases of campus goals and the school vision.

School Processes & Programs Strengths

There are committees in place to provide teachers a voice in the development of policy, procedures, and programs. NS9 has developed its incentive programs in regard to student attendance and performance. NS9 has a coordinated intervention/support program for students while counselor relationships with students remain positive. Our counselors are always visible and available to our students.

There is a 15/15 rule on all campuses. No student is to be released from any class during the first or last 15 minutes of each class period.

Safety drills are completed consistently and within given timelines.

We do our best to contribute to the teachers' social-emotional needs throughout the school year.

Teams/departments are well funded and can use the funding to help provide for the kids.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1: Lack of parental support and involvement. Root Cause: More education regarding why SEL is important is necessary.

Problem Statement 2: There is a decreased teacher buy-in to the social emotional learning program. **Root Cause:** Teachers do not see an immediate benefit on how it helps students and are not always comfortable implementing SEL activities due to personal experiences.

Perceptions

Perceptions Summary

We propose spending more time on cross-curricular activities to reinforce Citizenship concepts. We will need Professional Development to improve the teachers' abilities to implement more SEL lessons in the classroom. We should provide student/parent education on attendance as well as student incentives and relationship-building to improve student attendance. We will need to create more of a school-to-home connection by inviting the community into the school for programs and fun activities. We would like to increase the professional development provided for working with ELL students and encourage teachers to obtain their ESL teaching certifications. We would also like to continue to post all information in English/Spanish.

Less than 50% of our staff participated in the school survey. However, the results stated that professional development supports teacher growth, the staff is offered opportunities to participate on committees that help make school decisions, and they also believe that new initiatives can be overwhelming at times. Planning time was also mentioned and was implemented several years ago.

Perceptions Strengths

According to our parent survey, administrators and staff provide good customer service. Phone calls and emails are returned in a timely manner. Our parents continue to utilize the Skyward parent portal to access grades, attendance, and other student information. There continues to be sufficient parent communication regarding parent and family engagement activities at NS9. Last year we had great turnouts at 3 Fall events: Orientation, Take Your Dad to School. and our End of Year awards ceremony.

Problem Statements Identifying Perceptions Needs

Problem Statement 1: Student attendance rates need to increase. Root Cause: Students and parents have not been directly involved in the development of incentive plans.

Problem Statement 2: NS9 does not provide enough opportunities for parents to learn and get comfortable with programs and services offered. (Skyward, RevTrack, Counseling services for students, etc.) Most parents who work and are unable to attend morning or during school programs sometimes miss out on these opportunities. **Root Cause:** Not enough time/date variations for the meetings/activities.

Problem Statement 3: Students do not know what the opportunities are or how to access them. **Root Cause:** Students don't know how to navigate things where the information can be found (e.g. school website) - We need to actively TEACH how to access this information. (Teach it in class? Create a video that they can re-watch when necessary.

Problem Statement 4: Many opportunities are at the Senior High / 10th grade. It can be intimidating to take the bus and try to navigate an unknown campus. **Root Cause:** Students may be new to the district and have never visited the senior high before or may be shy.

Priority Problem Statements

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- Performance Objectives with summative review (prior year)

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Closing the Gaps Domain
- Effective Schools Framework data
- Comprehensive, Targeted, and/or Additional Targeted Support Identification data

Student Data: Assessments

- State and federally required assessment information
- STAAR End-of-Course current and longitudinal results, including all versions
- STAAR released test questions
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results

Student Data: Student Groups

- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Male / Female performance, progress, and participation data
- Section 504 data

Student Data: Behavior and Other Indicators

- Attendance data
- Discipline records
- School safety data

Employee Data

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- Teacher/Student Ratio
- Campus leadership data

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate

Support Systems and Other Data

- Organizational structure data
 Processes and procedures for teaching and learning, including program implementation
 Communications data
- Budgets/entitlements and expenditures data

Goals

Goal 1: Mental, Physical, and Emotional Safety and Health for all Students, parents, and Staff

Performance Objective 1: Teach safety practices and protocols to 100% of students and staff

Strategy 1 Details		Rev	iews	
Strategy 1: Conduct a table top where the CRISIS committee receives scenarios of possible safety issues. This		Formative		
communication is shared with the staff.	Sept	Sept Dec		May

State Compensatory

Budget for North Shore 9th Grade Center

Total SCE Funds: \$57,428.00 **Total FTEs Funded by SCE:** 0 **Brief Description of SCE Services and/or Programs**

Title l, Comp Ed, SPED

Title I

1.1: Comprehensive Needs Assessment

Data Collected: EOC Performance, Social Emotional Learning, and Parent and Student Opportunities

The following people reviewed the data:

Teachers:

Lewis, Resendez, Valentin, Bankston, Perez, Culpepper, Hinshaw, Savage, Robles, Norris, Traylor, Griffis

Counselors:

Sennett, Charles,

Specialist:

Calleros, Mathewkutty

Administrators:

Johnson, E. Ramirez, Arneaud, Bonilla

CNA was reviewed on April2, 2024 and May 14, 2024

2.1: Campus Improvement Plan developed with appropriate stakeholders

Committee Member	Department/Role	
Lindsey Evans- Year 1	CTE	
Brenda Charles- Year 1	Counselor	
Reginald Wallace- New	PE	
Brooke Griffis- New	ESL	
Brandon Chacon- New	Math	
Valentin-Year 1	LOTE	
Chelsea Norris-Year 1	Science	

Committee Member	Department/Role
Kara Traylor-Year 1	English
Hinshaw-Year 1	Social Studies
Rhodes-Year 1	SPED
Tony Gardea	District Personnel
	District Personnel
Julie Glover- New	Fine Arts
Melissa Arneaud	Associate Principal
Barika Noris	Principal

2.2: Regular monitoring and revision

CPAC meeting dates and revision dates are: Sept 10, Dec 10, Feb 4, and May 13.

2.3: Available to parents and community in an understandable format and language

THE CIP will be available to parents and community members in the following locations: front office, campus website, GPISD Administration building Parents will be sent information on how to access through our weekly parent memos. We will ensure it is also available in Spanish this school year.

2.4: Opportunities for all children to meet State standards

All NS9 students will have an opportunity to meet state standards through whole group instruction, small group interventions, tutorials, push ins, and instruction focused on targeted standards. Data driven instruction allows for our students to receive what is needed for them to be successful. One on one meetings with teachers and student -teacher conferences are imperative to ensure each student understands what they need to be successful. Campus specialists provide the instructional support needed for students and teachers. Counselors provide the emotional support needed.

2.5: Increased learning time and well-rounded education

All students at NS9 receive a 90 minute uninterrupted instruction time for the four core areas. This time allows for students to complete labs, compositions, and possibly test during the class period and continue with the next lesson during this time. Students benefit from having an extra day to complete homework, if needed, before returning to their class the day after.

2.6: Address needs of all students, particularly at-risk

There are plans in place to address the following students: EB, At Risk, SPED, and 504. Apart from any classroom or testing accommodations needed, students are tracked throughout the school year to ensure their growth in struggling areas. Specialists and teachers continuously run reports and use the data to determine instruction.

3.1: Annually evaluate the schoolwide plan

Title I funds were spend on tutorials for Biology, English, and Algebra. There was a slight gain in Biolopgy approaches and masters as well as an overall gain in English I scores. As a whole we have made progress on most items, however, there are certain objectives (restorative discilpline and SEL) that we should focus on for the upcoming school year.

4.1: Develop and distribute Parent and Family Engagement Policy

The counseling department has devised plans for the year to include our parents in all aspects of their students lives. Ms. Roberts, our Parents and Family Engagement coordinator, will contact parents to inform them of the events taking place throughout the year. She will also team with other departments and organizations such as PTA to ensure parents receive the information needed for their child to be successful here at North Shore 9.

4.2: Offer flexible number of parent involvement meetings

There were 3 in Fall of 2022: Orientation, Take You Father to School, and our Holiday event
