JANUARY 2024

CANVA TIP MAGIC ERASER

Canva Pro's Magic Eraser makes the once-tricky process of removing unwanted objects from photos super simple.

- Select the Magic Eraser tool from the photo editor
- Brush over the object

Watch your distraction be auto-magically removed, so your subject can stand out and shine.

TECHNOLOGY TIPS ONE TAB

One Tab - One tab is a chrome extension that organizes all your open tabs into a list. When you need to access the tabs again, you can either restore them individually or all at once.

OneTab also lets you easily export your tabs as a list of URLs or you can create a web page from your list of tabs, so that you can easily share your tabs with other people, students or computers.

No more struggling to type in lengthy web addresses!

PANEL TIPS - AIR CLASS

Integrate a fun element into the classroom with Airclass by connecting up to 30 students wirelessly with their mobile devices. Air Class allows for an interactive classroom with pop quizzes, games, and immediate feedback.

To access Air Class:

- Touch the floating Android menu on either side of the panel.
- Click tools 
- Click Air Class
