Dr. Angi Williams, Superintendent
Board of Trustees
Citizens of Galena Park Independent School District

In accordance with Texas Administrative Code Chapter 19, Subchapter AA 109.001, the 2014-2015 Annual Financial Management Report is being presented. Galena Park Independent School District received a rating of "Superior" under the new Texas Schools FIRST financial accountability rating system. The Superior rating is the state's highest, demonstrating the quality of Galena Park ISD's financial management and reporting system. This rating shows that Galena Park ISD is accountable not only for student learning, but also for achieving these results cost-effectively and efficiently.

This is the 14th year of Schools FIRST (Financial Integrity Rating System of Texas), a financial accountability system for Texas school districts developed by the Texas Education Agency in response to Senate Bill 875 of the 76th Texas Legislature in 1999. The primary goal of Schools FIRST is to achieve quality performance in the management of school districts' financial resources, a goal made more significant due to the complexity of accounting associated with Texas' school finance system.

Included in this report are the additional disclosure requirements, which include a copy of the Superintendent's contract, details of reimbursements received by the Superintendent and members of the Board of Trustees, additional statements relating to any outside compensation of the Superintendent, gifts to District officials or Board members and business transactions between the District and members of the Board of Trustees.

Sincerely,

Sonya George, CPA

To the Administrator Addressed:

Subject: 2015–2016 Final FIRST Ratings

Final 2015–2016 Financial Integrity Rating System of Texas (FIRST) ratings based on fiscal year 2015 are now publicly available. You can find ratings for both school districts and open-enrollment charter schools on the Texas Education Agency (TEA) website:

- [school district ratings](#)
- [charter school ratings](#)

A previous “To the Administrator Addressed” letter dated August 8, 2016, instructed your school district or charter school (local education agency [LEA]) to view its *preliminary* FIRST rating. The letter also provided information about the data the TEA analyzes to produce the rating and described the appeals process available to your LEA. This appeals process is now complete, and all FIRST ratings are final.

Required Reporting

Within two months of the release of its final FIRST rating, your LEA must announce and hold a public meeting to distribute a financial management report that explains the LEA’s rating and its performance under each indicator for the current and previous year’s ratings. The report also must provide the financial information described in 19 Texas Administrative Code (TAC) §109.1001(o)(3). We encourage your LEA to include in the report additional information that will be beneficial to stakeholders, especially information explaining any special circumstances that may have affected the LEA’s performance under one or more of the indicators.

The first of two required newspaper notices to inform stakeholders of the meeting must be published no more than 30 days and no fewer than 14 days before the public meeting. Your LEA may combine the meeting with a scheduled regular meeting of its governing board. For full requirements related to the report and meeting, see 19 TAC §109.1001(o). For a template that your LEA can use in developing its financial management report, see the TEA FIRST web page or FIRST Rating for Charter Schools web page.

Accreditation Status

Please note that the TEA considers an LEA’s FIRST rating when assigning an accreditation status, as required by the accreditation status rules in 19 TAC §97.1055.

Contact for Further Information

If you have questions about your LEA's FIRST rating, please contact Yolanda Walker by telephone at (512) 463-0947 or by email at Yolanda.Walker@tea.texas.gov.

Sincerely,

David Marx
Director
Division of Financial Compliance

Major changes in the Commissioner's Rule in August 2015 were authorized by HB 5, Section 49, 83rd Texas Legislature, Regular Session, 2013. House Bill 5 amended Section 39.082 Texas Education Code to require the commissioner of education to include processes in the financial accountability rating system for anticipating the future financial solvency of each school district and open enrollment charter school.

The changes to the Schools FIRST system implemented by the Texas Education Agency in August 2015 are being phased-in over three years. During the phase-in period, the new Schools FIRST system has separate worksheets for rating years 2014-2015, 2015-2016, and 2016-2017 and subsequent years. The worksheet for rating year 2014-2015 contained only 7 indicators and the worksheets for rating years 2015-2016 and 2016-2017 contain 15 indicators.

DETERMINATION OF RATING 2015-2016

A.	Did the district answer 'No' to Indicators 1, 3, 4, 5, or 2.A? If so, the school district's rating is F for Substandard Achievement regardless of points earned.	
B.	Determine the rating by the applicable number of points. (Indicators 6-15)	
	A = Superior	70-100
	B = Above Standard	50-69
	C = Meets Standard	31-49
	F = Substandard Achievement	<31

HOW 2015-2016 RATINGS ARE ASSESSED

1. Was the complete annual financial report (AFR) and data submitted to the TEA within 30 days of the November 27 or January 28 deadline depending on the school district's fiscal year end date of June 30 or August 31, respectively?

A simple indicator. Was your Annual Financial Report filed by the deadline?

2. Review the AFR for an unmodified opinion and material weaknesses. The school district must pass 2.A to pass this indicator. The school district fails indicator number 2 if it responds "No" to indicator 2.A. or to both indicators 2.A and 2.B.

2.A. Was there an unmodified opinion in the AFR on the financial statements as a whole? (The American Institute of Certified Public Accountants (AICPA) defines unmodified opinion. The external independent auditor determines if there was an unmodified opinion.)?

A "modified" version of the auditor's opinion in your annual audit report means that you need to correct some of your reporting or financial controls. A district's goal, therefore, is to receive an "unmodified opinion" on its Annual Financial Report. 2.A. is a simple "Yes" or "No" indicator (see instructions under "2." for evaluating performance under "2.A" and "2.B." to arrive at the score for "2.").

2.B. Did the external independent auditor report that the AFR was free of any instance(s) of material weaknesses in internal controls

over financial reporting and compliance for local, state, or federal funds? (The AICPA defines material weakness.)

A clean audit of your Annual Financial Report would state that your district has no material weaknesses in internal controls. Any internal weaknesses create a risk of your District not being able to properly account for its use of public funds, and should be immediately addressed. 2.B. is a simple "Yes" or "No" indicator (see instructions under "2." for evaluating performance under "2.A" and "2.B" to arrive at the score for "2.").

3. Was the school district in compliance with the payment terms of all debt agreements at fiscal year end? (If the school district was in default in a prior fiscal year, an exemption applies in following years if the school district is current on its forbearance or payment plan with the lender and the payments are made on schedule for the fiscal year being rated. Also exempted are technical defaults that are not related to monetary defaults. A technical default is a failure to uphold the terms of a debt covenant, contract, or master promissory note even though payments to the lender, trust, or sinking fund are current. A debt agreement is a legal agreement between a debtor (= person, company, etc. that owes money) and their creditors, which includes a plan for paying back the debt.)

This indicator seeks to make certain that your district has timely paid all bills/obligations, including financing arrangements to pay for school construction, school buses, photocopiers, etc.

4. Did the school district make timely payments to the Teachers Retirement System (TRS), Texas Workforce Commission (TWC), Internal Revenue Service (IRS), and other government agencies?

This indicator seeks to make sure the district fulfilled its obligation to the TRS, TWC and IRS to transfer payroll withholdings and to fulfill any additional payroll-related obligations required to be paid by the district.

5. Was the total unrestricted net asset balance (Net of the accretion of interest for capital appreciation bonds) in the governmental activities column in the Statement of Net Assets greater than zero? (If the school district's change of students in membership over 5 years was 10 percent or more, then the school district passes this indicator.)

This indicator simply asks, "Did the district's total assets exceed the total amount of liabilities (according to the very first financial statement in the

annual audit report)?” Fortunately this indicator recognizes that high-growth districts incur large amounts of debt to fund construction, and that total debt may exceed the total amount of assets under certain scenarios.

6. Was the number of days of cash on hand and current investments in the general fund for the school district sufficient to cover operating expenditures (excluding facilities acquisition and construction)?

This indicator measures how long in days after the end of the fiscal the school district could have disbursed funds for its operating expenditures without receiving any new revenues. Did you meet or exceed the target amount in School FIRST?

7. Was the measure of current assets to current liabilities ratio for the school district sufficient to cover short-term debt?

This indicator measures whether the school district had sufficient short-term assets at the end of the fiscal year to pay off its short-term liabilities. Did you meet or exceed the target amount in School FIRST?

8. Was the ratio of long-term liabilities to total assets for the school district sufficient to support long-term solvency? (If the school district's change of students in membership over 5 years was 10 percent or more, then the school district passes this indicator.)

This question is like asking someone if their mortgage exceeds the market value of their home. Were you below the cap for this ratio in School FIRST? Fortunately this indicator recognizes that high-growth districts incur additional operating costs to open new instructional campuses.

9. Did the school district's general fund revenues equal or exceed expenditures (excluding facilities acquisition and construction)? If not, was the school district's number of days of cash on hand greater than or equal to 60 days?

This indicator simply asks, “Did you spend more than you earned?” (the school district will automatically pass this indicator, if the school district had at least 60 days cash on hand.)

10. Was the debt service coverage ratio sufficient to meet the required debt service?

This indicator asks about the school district's ability to make debt principal and interest payments that will become due during the year. Did you meet or exceed the target amount in School FIRST?

11. Was the school district's administrative cost ratio equal to or less than the threshold ratio?

This indicator measures the percentage of their budget that Texas school districts spent on administration. Did you exceed the cap in School FIRST for districts of your size?

12. Did the school district not have a 15 percent decline in the students to staff ratio over 3 years (total enrollment to total staff)? (If the student enrollment did not decrease, the school district will automatically pass this indicator.)

If the school district had a decline in students over 3 school years, this indicator asks if the school district decreased the number of the staff on the payroll in proportion to the decline in students. (The school district automatically passes this indicator if there was no decline in students.)

13. Did the comparison of Public Education Information Management System (PEIMS) data to like information in the school district's AFR result in a total variance of less than 3 percent of all expenditures by function?

This indicator measures the quality of data reported to PEIMS and in your Annual Financial Report to make certain that the data reported in each case "matches up." If the difference in numbers reported in any fund type is 3 percent or more, your district "fails" this measure.

14. Did the external independent auditor indicate the AFR was free of any instance(s) of material noncompliance for grants, contracts, and laws related to local, state, or federal funds? (The AICPA defines material noncompliance.)

A clean audit of your Annual Financial Report would state that your district has no material weaknesses in internal controls. Any internal weaknesses create a risk of your District not being able to properly account for its use of public funds, and should be immediately addressed.

15. Did the school district not receive an adjusted repayment schedule for more than one fiscal year for an over allocation of

Foundation School Program (FSP) funds as a result of a financial hardship?

This indicator asks if the district had to ask for an easy payment plan to return monies to TEA after spending the overpayment from the Foundation School Program state aid.

The vacation days taken by the Superintendent shall be taken at such time or times as will least interfere with the performance of the Superintendent's duties as set forth in this Contract and Board Policy. In addition, the Superintendent shall observe the same District holidays as those observed by other administrators who work on a twelve (12) month basis. On or before June 30th of each year during the term of this Contract, the District shall pay in lump sum to the Superintendent any accrued but unused vacation days, up to a maximum of ten (10) days annually at her then current daily rate of pay based on two hundred and twenty nine (229) days of service per year during the term of this Contract, effective the 2013-2014 school year. Prior accrued but unused vacation days from December 7, 2011 through June 30, 2013 will be paid on or before June 30, 2014. Upon termination of employment under this Contract, the Superintendent shall be entitled to payment of any unused accumulated vacation days at her then current daily rate of pay based on two hundred and twenty nine (229) days of service per year during the term of this Contract.

3.9 Annual Physical Examination. The Superintendent shall undergo an annual physical examination performed by a licensed physician mutually acceptable to the Board and the Superintendent. The physician shall submit a confidential statement to the Board, verifying the Superintendent's fitness to perform the Superintendent's duties, and copies of all such statements shall be confidential to the extent permitted by law. The District shall pay the reasonable costs of the annual physical examination.

3.10 Contract Days and Work Calendar. The Superintendent shall work and be compensated on the basis of two hundred twenty-nine (229) contract days per year. In the

event that the Superintendent works more than 229 days in a contract year, she shall not be entitled to additional compensation or compensatory work credit in future years. The Superintendent shall submit her proposed work calendar to the Board at the beginning of each contract year, and will detail all proposed vacation, out-of-District travel, and professional development days for the coming year. The Superintendent will notify the Board of any changes to the calendar.

3.11 **Payments into an Annuity.** The District shall make payments of Ten Thousand Dollars (\$10,000) per year, for each year covered by this Contract for which the Superintendent is employed as Superintendent of the District, to either a qualified tax-sheltered annuity or custodial account (the "403(b) Annuity") under Section 403(b) of the Internal Revenue Code of 1986, as amended (the "Code"). The 403(b) Annuity is to be mutually acceptable to the Superintendent and the Board. For each year during the term of this Contract for which the Superintendent is employed as Superintendent of the District, the District shall make a contribution to the 403(b) Annuity of an amount equal to the lesser of (i) the amount specified herein, or (ii) the yearly maximum amount the District may contribute to a qualified tax-sheltered annuity under Section 403(b) of the Code for and on behalf of the Superintendent, without causing any portion of such contribution to be included in the Superintendent's taxable income for the year in which the contribution is made. Payments into the 403(b) Annuity shall be made on or before September 1 of each contract year. Any contributions to the 403(b) Annuity shall be paid directly by the District and shall be nonelective, and the Superintendent shall not have any right to receive such contributions in cash. Any District required contribution under this Section in excess of (ii) shall be paid to the Superintendent as a part of her regular taxable compensation. The District's

contributions to the 403(b) plan created under this Section, and all earnings thereon, shall become vested with the Superintendent on June 30, 2014. Prior to June 30, 2014 the Superintendent shall have no vested right in her account value in the 403(b) Annuity. The Superintendent shall have the sole right to choose the investments in such 403(b) plan, but such investments must comply with the Code and any applicable state laws.

3.12 **Beneficiary.** In the event of Superintendent's death or catastrophic illness prior to June 30, 2014 the annuity will be paid to the Superintendent's named beneficiary.

IV. ANNUAL PERFORMANCE EVALUATION

4.1 **Review of Performance.** The Board shall evaluate and assess the performance of the Superintendent through a formative appraisal in June of each year. At its discretion, the Board may choose to conduct additional evaluations. The parties may change appraisal dates by mutual agreement. The meetings at which the Board evaluates the Superintendent will be held in closed session, unless the Board and Superintendent agree that they should be held in open session. The evaluation and assessment shall be reasonably related to the duties of the Superintendent as outlined in the Superintendent's job description.

4.2 **Evaluation Format and Procedure.** The evaluation format and procedure shall be in accordance with the Board's policies, and state and federal law.

4.3 **Performance Incentive.** During the term of this Contract or any extension thereof, the Board may at any time after the completion of the Superintendent's evaluation award the Superintendent a performance incentive for exceptional performance as determined by the Superintendent's evaluation. The performance incentive may not exceed Ten Thousand and 00/100 Dollars (\$10,000.00). Payment will be paid in a lump sum. The Board is not required to award a performance incentive in any year regardless of the

Superintendent's performance. The award of the performance incentive is solely at the discretion of the Board. This section becomes effective immediately upon approval of the Board.

V. TERMINATION OF EMPLOYMENT CONTRACT

5.1 **Mutual Agreement.** This Contract shall be terminated by mutual agreement of the Superintendent and the Board in writing upon such terms and conditions as may be mutually agreed upon.

5.2 **Retirement or Death.** This Contract shall be terminated upon the retirement or death of the Superintendent.

5.3 **Dismissal for Good Cause.** The Board may dismiss the Superintendent during the term of this Contract for good cause as that term is defined by the Board.

5.4 **Disability.** In the event the Superintendent shall become unable to perform her duties as Superintendent, the Board, at its option, may terminate this Contract and the employment of the Superintendent. Verification of the disability of the Superintendent shall be required whenever a majority of the entire Board requests it. Verification shall be by a physician agreed upon by the Board and Superintendent. Should the Superintendent be terminated due to disability, the Superintendent shall be entitled to one (1) year of her annual base salary set out in Subsection 3.1. The District shall have no further liability to the Superintendent for any compensation, benefits, or other financial remuneration. By entering into this Contract, the Superintendent is hereby waiving any right to temporary disability leave provided by state law and local policy and hereby agrees to waive any right to the procedural safeguards referenced in paragraphs 5.3 and 5.5 of this Contract.

5.5 **Termination Procedure.** In the event that the Board proposes to terminate this Contract for good cause, the Superintendent shall be afforded the rights as set forth in the Board's policies and applicable state and federal law.

5.6 **Nonrenewal of Contract.** Except as provided in Subsection 5.4 of this Contract, nonrenewal of this Contract shall be in accordance with Board policy and applicable law.

5.7 **Unilateral Termination by Board.** The Board reserves the right to terminate this Contract without cause upon the provision of thirty (30) days' written notice to the Superintendent. As consideration for this right of unilateral termination, the District will pay the Superintendent the sum of one year's salary calculated as her annual salary at the time of the termination, minus applicable withholdings/deductions. A check for this amount will be tendered to the Superintendent within thirty (30) days of notice of unilateral termination. Upon the tender of this check, the Superintendent will be released from her duties as Superintendent. Furthermore, the Superintendent will not be entitled to a hearing or any other due process relating to her employment as Superintendent or departure from this position. In addition, upon tender of this payment, the Superintendent releases and discharges the District, its trustees, agents, attorneys, and employees from any liability relating to her employment at the District and/or her departure from employment, and agrees not to file any legal proceeding against them, including without limitations, lawsuits in state or federal court, actions before the Texas Education Agency, or before any state or federal administrative agencies, relating to her employment at the District or her departure from her employment with the District.

VI. MISCELLANEOUS

6.1 **Nepotism.** With the exception of any individuals already employed by the District as of December 7, 2011, the District will not employ any individual related to the

Superintendent within the third degree of consanguinity (relation by blood) or the second degree of affinity (relation by marriage) during the term of this Contract, unless specifically permitted by law and prior Board approval is provided. If the Superintendent contemplates such a hire, she will consult with the Board before any recommendation to hire is made.

6.2 **Residency.** The Superintendent agrees that she will reside within the boundaries of the District while employed as the Superintendent.

6.3 **Controlling Law.** This Contract shall be governed by Texas law, and it shall be performable in Harris County, Texas, unless otherwise provided by law.

6.4 **Complete Agreement.** This Contract embodies the entire agreement between the parties, and supersedes all previous employment agreements. Except as expressly provided herein, it cannot be varied or amended except by written agreement of the parties.

6.5 **Savings Clause.** In the event any one or more of the provisions contained in this Contract shall, for any reason, be held invalid, illegal, or unenforceable, such invalidity, illegality, or unenforceability shall not affect the other provisions, and this Contract shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.
