Question	<ol style="list-style-type: none"> 1. On the chaise (assuming for the refrigerated truck) would we need a single or dual wheel? 2. We had stated a 5,000lb limit on the lift for the service trucks...is this too much and is 1800 acceptable?
Answer	<ol style="list-style-type: none"> 1. Would definitely need a dual wheel for the added about of cargo that would be carried. 2. Both trucks 14 & 16 have 1600 lb. capacity lifts. 1800 would be acceptable as long as you are continue to haul cargo you been hauling.
