

CIS stands behind the belief that all children deserve the opportunity to succeed. We become the voice for our children and families as we have dedicated our lives to serve those in need. Our organization was founded to meet the needs of the most at-risk students, and we achieve that by meeting students where they are in the fullness of their differences be it race, learning challenges, poverty, or social/emotional struggles. CIS creates a climate where all students' differences are embraced, and students are safe to explore their differences and the differences of others.

We specialize in providing mental health services to all students and families including:

ADVOCACY – Ensuring that students and families VOICES are HEARD, and that fair, equal, and appropriate assistance is received.

INTERVENTION SUPPORT – Providing intervention for family support to help rebuild HOPE and restore FAITH after a crisis or trauma has occurred.

TRAUMA INFORMED and VICTIM CARE – Ensuring the emotional HEALTH of our STUDENTS and FAMILIES, through education, empowerment, support, and TRUST.

SEL – Social, Emotional Learning support including establishing a trusting RELATIONSHIP, intentional RELEVANT activities and discussions, while creating a goal of lasting RESILIENCE.

MENTAL HEALTH SUPPORT – Professional SUPPORTIVE RESOURCES provided to those students, and families whose thoughts, feelings, moods, and ability to relate has been disrupted.

Districts Served

Alvin ISD

Angleton ISD

Brazosport ISD

Columbia-Brazoria ISD

Galena Park ISD

Pasadena ISD
