## North Channel Relay for Life Raises Over \$125,000

Houston, Texas: On Friday, May 3 was a night of celebration, reflection and fun for the North Channel Relay for Life. The event was hosted at Galena Park ISD's North Shore Ninth Grade Center Track in conjunction with Sheldon ISD and Channelview ISD.

This year's theme was "Carnival for a Cure" and there was over 529 registered participants, 55 teams, 180 survivors and 65 caregivers. The North Channel Relay for Life has raised over \$125,000 for the American Cancer Society and money continues to come in!

We would like to thank the North Channel Relay for Life Committee and the numerous organizations and businesses who had a hand in making this event a success.
