Dear Parents/Guardians,

Galena Park I.S.D. is committed to providing support to our students who receive Special Education services.

Our students with special needs will receive educational materials to support their learning. Included below are links to some helpful online educational resources for your child to access to practice his/her academic skills. Please be aware that there are also packets of instructional materials available for students needing general education materials.

The district website will continue to be updated with educational resources and new information as they become available. We appreciate your flexibility and willingness to work with us during these unprecedented times to maximize your child's potential for success.

Please contact us if you have any questions.

Sincerely,

Tammy Takeda, Director for Special Education Programs
