DIFFERENCE BETWEEN CLASSROOM MANAGEMENT & DISCIPLINE

One of the most misused words in education is classroom management. Classroom management is the use of various skills and techniques by teachers to help students engage in activities during class. In contrast, discipline is training people to obey rules or regulations by using punishment to make them correct.

PERSONAL DEVELOPMENT

Have you ever said "lesson learned" after you made a mistake? But did you really review what you could have done differently and then fix it?

After Action Review (AAR) asks the following questions:

What did we intend to accomplish?

What happened?

Why did it happen that way?

What will we do next time for a better outcome or repeat our success?
