District Improvement Plan
2023-2024 Comprehensive Needs Assessment

Board Approval Date: August 1, 2023

Mission Statement

The mission of the Galena Park Independent School District is to prepare students to become productive citizens and lifelong learners.

Vision

Excellence In All, For All, By All

District Profile

When Ezekiel Thomas died, one thousand acres of his property were sold at public auction to Isaac Batterson, who settled on the land and named the settlement Clinton, after his former home in New York. In 1918, a one-room school was established for black students in Clinton. The school had less than seventy students and one teacher. In 1924, the school was moved to the Fidelity Addition and renamed Fidelity School. A second teacher was added and the school taught grades 1-7. Black students in the upper grade were transported to Wheatley High School, in the Houston ISD.

In 1926-1927 the present Galena Park Elementary campus was the site of Clinton School. It was one of many schools which belong to the Harris County School District. Thirteen teachers taught grades 1 through 11. On the secondary level, the courses taught were English, Latin, Spanish, history, math, science, and commercial subjects. In 1931 it became an individual elementary school.

In 1928, the construction of a new high school, which was the old Galena Park Middle School, was complete. On April 13, 1928, a group of citizens met and officially changed the name of the town from Clinton to Galena Park, naming it after the Galena Signal Oil Company, one of the town's leading enterprises. The change was made because the United States Post Office Department rejected the previous name since there was already a post office in Clinton, Texas in Hunt County.

Galena Park Independent School District (GPISD) was established in 1930 with G. P. Smith serving as Superintendent. He was followed by J. C. Ingram, W. E. Driskill, Dr. Walton Hinds, W. C. Cunningham, Dr. Gerald D. Cobb, Dr. Don W. Hooper, Dr. Shirley J. Neeley, Dr. Mark Henry and Dr. Angi Williams. Dr. John Moore is currently serving as Superintendent of Schools. GPISD is home to three high schools, five middle schools, fifteen elementary schools, and alternative programs staffed. GPISD is supported by over 3,000 teachers, administrators, and classified and auxiliary personnel making it one of the largest employers in east Harris County. The District spans 37 square miles outside of Loop 610 East and boasts a student enrollment of over 21,000. Together, everyone throughout GPISD maintains the core values of communication, being flexible and understanding, expecting everyone to do their part, and accepting NO excuses.

In May 2016, District voters approved the largest bond referendum in the district's history: a \$290 million issue, paving the way for the District to begin construction projects designed to facilitate academic excellence throughout GPISD. The bonds were used to fund the construction of replacing six new elementary campuses and a new 10th grade center, renovating and upgrading all campuses and facilities, and acquiring land for future facility needs. These Bond 2016 projects enabled GPISD to continue to provide our students with state-of-the-art educational facilities and equipment so they can prosper as productive citizens and lifelong learners and realize our vision of "Excellence in All, for All, by All."

Comprehensive Needs Assessment

Needs Assessment Overview

Needs Assessment Overview Summary

Where We Are Now:

Galena Park ISD continues to deliver effective instruction to our diverse and growing student population in grades Pre-K through 12 and takes great pride in its academics. A variety of outstanding instructional programs are designed to meet the ever-changing needs of the students we serve. Our instructional programs include bilingual education, English as a Second Language (ESL), advanced placement classes, pre-advanced placement classes, dual credit, gifted and talented, special education, Career and Technical Education (CTE), tutorials alternative educational programs as well as a CTE Early College High School. The District has dropout recovery programs to help our students: Pregnancy Related Services and PEP child care, Accelerated Center for Education, Night School, 21st Century Community Learning Centers, and the Optional Flexible School Day Program. In addition, the District takes great pride in outstanding fine arts, CTE, athletic, academic UIL, LOTC, and JROTC programs. Several of our award-winning programs have been recognized at the district, regional and state levels.

State Compensatory Education

The goal of State Compensatory Education is to increase academic achievement and reduce the dropout rate of at-risk students. Galena Park ISD provides funds for supplemental state compensatory education programs and services for students who are identified as at risk. The programs and services were designed for these students using district test results in order to improve and enhance the regular education and summer school programs. Each campus oversees the administration of each supplemental State Compensatory Education Program.

Title I

The goal of Title I is to provide additional supplemental support to students who meet the low socio-economic criteria. In Galena Park ISD, all campuses receive Title I funds based on the number of low socio-economic students. Funds are focused on increasing student academic achievement in the core content areas. Funds provide supplemental staff, support after-school tutorials, and supplemental instructional materials. In addition, parent involvement activities are supported for each campus.

Title I, Part C Migrant

The goal of Title I Part C, Migrant is to ensure that migrant children are provided with appropriate educational services, including supportive services, that address their special needs in a coordinated and efficient manner. In Galena Park ISD, students are provided with clothes that meet our dress code, school supplies, and coordination of other education, health, nutrition, and social services in our community. The District Migrant Coordinator meets/conferences with Priority for Service (PFS) migrant students and parents to monitor the services and growth of PFS students a minimum of twice a quarter. To ensure PFS students receive the appropriate individualized services to address their academic needs quarterly. PFS student progress reviews are conducted and coordination of supplemental materials and resources for both reading and math are provided as needed. In addition, training for migrant parents is provided throughout the year to ensure student success.

Where We're Going:

Based on feedback from this year's District Needs Assessment Survey, Parent Involvement Survey results, department input, assessment data, District Planning and Advisory Committee (DPAC) recommendations, and end-of-year program evaluations, the following sections outline our strengths and priority needs for 2023-2024. We will maintain efforts to support the District goals established by our Board of Trustees. The 1:1 student device program continues to provide exciting learning opportunities that incorporate technology in the classroom. Technology enhancements and remote learning are significant initiatives for the school year. The District will continue to implement the superintendent's focus areas of Accountability/Own It, Growth/Improvement in EVERY department and EVERY campus, Follow-up and Follow-through, Quality Curriculum/Engaging Lessons, Quality Instruction, Quality Professional Learning for Leaders, and Excellence in All We Do.

North Shore Senior High has a strong athletic program for their boys' and girls' teams that have advanced to regionals in several areas over the past five years. Several of these athletes have earned college athletic scholarships.

Parent and Community Engagement

Parent and Community Engagement Summary

It is the goal of the schools in Galena Park Independent School District to develop strong partnerships with parents and other family members of our students. Parents, other family members, and schools working as partners increase student achievement and develop positive attitudes about self and school. Galena Park I.S.D. is committed to providing outreach to all parents and family members that encourages meaningful involvement in their child(ren)'s education and social-emotional development.

The key factor in the family-school partnership is the relationship between the teacher, student, and parent/family members. Teachers are professionals who manage a variety of instructional resources. Parents/family members are the child's first teachers and play a vital role in their children's education. Organizational support from the school board, district administrators, parent facilitators, counselors, social service workers, and building principals enable teachers and parent/family members to effectively develop the partnerships. Students are the true beneficiaries of a close family-school partnership.

The partnership between home and school will be supported by:

1. Developing a process that continuously assesses, plans and implements strategies that build the partnership.

a. A district-wide committee of parents, teachers and administrators will review the annual school evaluations of the content and effectiveness of parent and family involvement activities in increasing participation of parent/family members and whether there are barriers to greater participation. The evaluation will be conducted through a written/electronic survey in English and Spanish each year. The committee will use the results of the survey to offer revision suggestions for the district parent and family engagement policy if necessary.

b. A parent and family engagement coordinator will assist parent facilitators on each campus with the parent and family engagement efforts by providing technical assistance and other support necessary to assist schools in planning and implementing effective programs. The parent and family engagement facilitator will work in collaboration with his/her site-based decision-making committees, other school staff, parents, other family members and community resources.

c. The parent facilitators, counselors and social services workers, PTA representatives, faculty, and staff on each campus will provide direct services to families to reduce barriers to student learning. The services include parenting education, counseling, referrals, advocacy, and relationship building to encourage positive attitudes toward education and to promote the concept of parents/parent figures as the child's first teacher, and to promote a meaningful, two-way communication between the home and the school.

2. Developing Home-School Compacts to strengthen communication between home and school.

a. The home-school compacts are to be developed jointly with students and parents.

b. The compacts are to be reviewed and revised on an annual basis to meet the changing needs of students, parents and the schools.

3. Developing opportunities for the full participation of all parents and family members including those who lack language skills, those who are disabled, or those who are economically disadvantaged.

Full realization of the partnership will be achieved through ongoing commitment and active participation by parents, other family members, schools, as well as school and district staff.
