Campus Profile

Where We Have Been

A. History of Campus Important Changes

The Accelerated Center for Education (ACE)

ACE evolved from a dropout prevention committee headed by Assistant Superintendent Dr. Shirley J. Neeley. This “school of choice” for at-risk students opened its doors to 60 students in January 1994. The original campus consisted of a two-room portable building located on the San Jacinto College North Campus. Due to the success of the program ACE moved to its current location at the Joyce Zotz Education Center. The number of students to enter and successfully complete the program has steadily increased over the last twenty years.

Center For Success (CFS)

CFS is GPISD’s Alternative Education Program. Its goal of “Whatever It Takes” is designed to change behavior, and provide students with alternative conflict resolution strategies; while maintaining academic success for those students who have been removed from their traditional educational setting for disciplinary reasons. In addition to the principal and assistant principal, the staff consists of certified English/Language Arts, Social Studies, Math and Science teachers, classroom aides, and a Licensed Chemical Dependency Counselor. CFS accepts students from Elementary, Middle, and High Schools within the district. Students that successfully complete their assigned days in the program return to their home campuses.

ACE Night School

ACE Night School provides an accessible, student-centered, accelerated instructional program to former GPISD students who have left high school without finishing, and current GPISD high school students whose circumstances indicate a high risk of not graduating. Through flexible scheduling, individualized instruction, personalized academic guidance, and consistent monitoring, the program provides an academic pathway to graduation and ultimately lifelong learning and productive citizenship.

Also, ACE Night School offers a tuition-based program for students of Galena Park High school and North Shore Senior High for students who elect to attend in the evenings to take and receive credit for high school courses in addition to the ones they take during the regular school day. the program provides STAAR testing and STAAR tutorial programs for students still needing those exams to graduate.

NAC

The New Arrival Center (NAC) is designed to meet the needs of those students that are entering U.S. schools for the first time. The students will be taught language in an interactive environment that scaffolds instruction appropriately for beginning English language learners students.
