

EXTRA-CURRICULAR ACTIVITIES

Cougars

| Cougars | Expectations & Procedures |
|-----------------------------------|--|
| Students | Students who participate in extra-curricular activities will strive for high academic performance. Students will set the standard for leadership. Students will attend all practices and meetings to better prepare them for competition. |
| Teachers | Teachers will maintain contact with the sponsor so they may seek assistance with improving classroom behavior and performance. Teachers will attend as many functions as possible to show support for the students. |
| Parents | Parents will be provided with a list of expectations for their students involved in extra-curricular activities. Parents will express any concerns they may have with our programs to the sponsors. Parents will support the program by holding their student to a high standard of behavior and academic performance and make sure their child attends practices and meetings. |
| Coaches Sponsors | The leadership of the extra-curricular program will keep updated with the students' academic performance. The leadership will communicate with classroom teachers about discipline and academic issues. The leadership will communicate with parents and provide options for their students. The leadership of extra-curricular activities will have students clean up behind themselves and communicate the best times for custodians to clean their areas. Coach/Sponsors are responsible for getting upcoming meetings on the calendar. |
| Custodians | Custodians will maintain all facilities related to extra-curricular activities. Custodians will report any repairs needed and any other major problems with the care of facilities. |
| Principal/Assistant Principals | The Principals will address inappropriate behaviors at extra-curricular activities and take steps to alleviate possible problems. The Principals will support all programs through the provision of resources and equipment. The Principals will maintain contact with the leadership of extra-curricular activities and help to provide solutions for any issues they may be facing. |
| All Stakeholders | We encourage all students to participate in at least 1 extra curricular activity. We believe this will make their education a more positive experience. |
