The screenshot shows a web browser window displaying a search results page for 'Scythe' by Neal Shusterman. The browser's address bar shows the search URL: `search.follettsoftware.com/metasearch/aj/51080/search/all?q=scythe&lists=0`. The search results are displayed in a list format. The first two results are for the book 'Scythe' by Neal Shusterman, published in 2016 and 2017 respectively. The third result is 'The Toll' by Neal Shusterman, published in 2019, which is part of the 'Arc of a Scythe' series (book 3). The fourth result is 'Black butler. XIV' by Taboso Yana, published in 2013. Each result includes a book cover, the title, author, publication year, interest level, and call number. There are 'Hold' and 'Favorite' buttons for each result. A search filter dropdown is open, showing suggestions for 'Scythe', 'Scyther, heart of a champion', and 'arc of a scythe'. The page also features a 'Filters' sidebar on the left with options for Availability, Author, Subject, Genre, Interest Level, Series, Published, and Pages. The bottom of the screen shows the Windows taskbar with the search bar and system tray.

How to Know When Hold is Ready?

Place a hold and check back in your Destiny account to view book status. Book is ready for pick up when it is listed as checked out to you. Please give us a day or two to ready all hold requests.
