

NO PLACE FOR HATE AT ACE

Goals

- Integrate diversity and anti-bias education into the curriculum.
- Create an inclusive school environment where students feel valued
- Promote respect for individual differences
- Challenge prejudice

Ace students will participate in school wide projects sponsored by our No Place For Hate student coalition. The projects encourage students to be tolerant, accept others and to be inclusive. Our first activity is the No Place for Hate Promise. In the promise, the students promise to be fair, to be kind to everyone and to help make sure everyone is feeling happy and safe at school. They also agree to stop any bullying both by standing up for others and by asking adults for help when needed.

The next activity that we have is the Virtual Walk Against Hate. Staff and Students will stand up to hate by walking 18 miles by October 18th

Virtual Walk Against Hate
Stand up to hate by walking
18 miles by October 18th
